

› LEADERS IN TRAINING

This program is designed to teach and encourage leadership skills in our youth. L.I.T's will: participate in workshops and experiences to help build their leadership abilities, increase their skills and competencies. This will build their self-esteem and give opportunities to learn more about the needs of our community. Youth will develop a positive sense of leadership, identity, values and confidence.

The L.I.T. group will learn leadership skills, participate in community events, obtain CPR/first aid training and build long lasting friendships. By the end of the summer, children will be able to model the YMCA's core values of Caring, Honesty, Respect and Responsibility.

› MEET OUR STAFF

Alexis Gutierrez

I am the School Age Childcare Director. I have been at the YMCA since 2013 and I am really excited for this summer and all the fun that lies ahead. I began my YMCA career in youth sports and have worked in several different departments since then. This summer we are hoping to give the children an experience of a lifetime and hopefully many fond memories for them to look back on.
